IN RE: 3M COMBAT ARMS
EARPLUG PRODUCTS
LIABILITY LITIGATION

Case No. 3:19md2885

This Document Relates to the
Claimants Identified on Exhibits
A & B

Judge M. Casey Rodgers
Magistrate Judge Hope T. Cannon

ORDER

On August 29, 2023, the Court formally announced a global settlement of this litigation and instituted a settlement program for the resolution of CAE Claims.¹ Several orders designed to facilitate the global settlement were entered, including Case Management Order No. 60 (Identification Order), ECF No. 3814, which required all Primary Counsel for all Eligible Claimants to submit a Declaration providing certain identifying information about each Eligible Claimant represented, including Social Security Numbers (“SSN”) and Dates of Birth (“DOB”). Counsel were advised that failure to timely submit a complete Declaration would violate CMO 60, resulting in dismissal with prejudice of the inadequately identified CAE Claim and subjecting counsel to potential sanctions. *See id.* at 7. The Declarations for the claimants identified on Exhibits A and B

¹ All terms used in this Order that are defined in the MSA are used as defined in the MSA. *See* MSA, ECF No. 3809-1 at 2-7.

were incomplete and failed to comply with CMO 60 in that either no SSN and/or DOB was provided, or the SSN and/or DOB provided was facially deficient in some respect.

On September 20, 2023, the Settlement Data Administrator issued a notice to all Eligible Claimants and/or their Primary Counsel whose Identification Order Declaration contained an incomplete SSN and/or DOB, and provided instructions for correcting the deficiency. The next day, September 21, 2023, the Court specifically ordered the same Eligible Claimants and/or their Primary Counsel who received a deficiency notice from the Settlement Data Administrator to provide an accurate SSN and DOB through MDL Centrality by Monday, September 25, 2023. *See* CMO 68, ECF No. 3877. The Court emphasized that failure to comply with this directive would result in dismissal of a case with prejudice. *See id.* at 2. Although the Court's Order was entered on the MDL docket, and thereby transmitted to all counsel of record in the MDL, the Settlement Data Administrator also forwarded the Order directly to the Eligible Claimants and/or Primary Counsel to which it applied. The time for compliance has now expired and the 2,267 Eligible Claimants identified on Exhibits A and B, and their Primary Counsel, have again failed to submit the requisite information.

Additionally—and where denoted on Exhibits A and B—1,836 of the Eligible Claimants with incomplete SSNs and/or DOBs also failed to file a CAE

Claim on the MDL active or administrative docket, as required by the Combat Arms Master Settlement Agreement, ECF No. 3809-1 at 9, and this Court's Case Management Order Nos. 58 (Settlement Implementation), 59 (Docketing Procedures), and 62-65 (filing requirements and deadlines for the Administrative Docket).

Rules 16(f) and 37(b)(2)(A)(ii)-(vii) of the Federal Rules of Civil Procedure authorize a court to sanction a party, up to and including dismissal of a case, for failing to comply with pretrial orders. This authority has particular significance in the MDL context. An MDL judge bears the “enormous” task of “mov[ing] thousands of cases toward resolution on the merits while at the same time respecting their individuality.” *In re Phenylpropanolamine (PPA) Prod. Liab. Litig.*, 460 F.3d 1217, 1231 (9th Cir. 2006). To carry out this task in an organized and efficient manner, an MDL court must define and strictly adhere to case management rules. *See id.* at 1232 (“[T]he district judge must establish schedules with firm cutoff dates if the coordinated cases are to move in a diligent fashion toward resolution by motion, settlement, or trial.”); *see also* Fed. R. Civ. P. 1 (stating that the Federal Rules of Civil Procedure “should be construed, administered, and employed by the court and the parties to secure the just, speedy, and inexpensive determination of every action and proceeding”). In turn, counsel must collaborate with the court “in fashioning workable programmatic

procedures” and cooperate with those procedures thereafter. *In re PPA*, 460 F.3d at 1231-32. Pretrial orders—and the parties’ compliance with those orders and their deadlines— “are the engine that drives disposition on the merits.” *Id.* at 1232. “A [court’s] willingness to resort to sanctions in the event of noncompliance can ensure that that the engine remains in tune, resulting in better administration of the vehicle of multidistrict litigation.” *In re Cook Medical, Inc. Pelvic Repair Sys. Prof. Liab. Litig.*, 2018 WL 4698953, at *2 (S.D. W. Va. Sept. 28, 2018) (citing *Freeman v. Wyeth*, 764 F.3d 806, 810 (8th Cir. 2014) (“The MDL judge must be given ‘greater discretion’ to create and enforce deadlines in order to administrate the litigation effectively. This necessarily includes the power to dismiss cases where litigants do not follow the court’s orders.”)). However, before levying the severe sanction of dismissal with prejudice under Rule 37, a court must find that a party has “engage[d] in a clear pattern of delay or willful contempt (contumacious conduct),” and that “lesser sanctions would not suffice.” *Pippen v. Georgia-Pacific Gypsum, LLC*, 408 F. App’x 299, *2 (11th Cir. 2011) (quoting *Betty K. Agencies Ltd. V. M/V MONADA*, 432 F.3d 1333, 1337-38 (11th Cir. 2005)).

In this case, the Court finds that both prongs of the standard for dismissal with prejudice are satisfied with respect to the claimants identified on Exhibits A and B. All of the claimants and their Primary Counsel have exhibited a clear

pattern of disregard for the requirements of continued participation in this litigation and the orders of this Court. More specifically, all of the claimants failed to provide basic and accurate identifying information in connection with their Identification Order Declarations (*i.e.*, SSN and/or DOB), despite both a deficiency notice from the Settlement Data Administrator and two court orders requiring submission of the information. Additionally, 1,836 of the claimants failed to timely file a case within the deadlines required by the MSA and multiple case management orders of this Court. Each claimant and his or her Primary Counsel was warned, repeatedly, that failure to comply with the Court's orders would result in dismissal of his or her claim with prejudice. Nevertheless, these claimants have repeatedly chosen not to comply. None of the claimants sought an extension of the deadline for compliance or otherwise offered an explanation for their inaction.

This sort of noncompliance is unacceptable in any case, but particularly in the context of this MDL. Accurate SSN and DOB information for every claimant is critical for the elimination of duplicate claims, the successful administration of the Settlement Program, and the Court's ability to manage the entire inventory going forward. Where, as here, claimants and their counsel fail to comply with submission deadlines set in case management orders, a domino effect develops, resulting in the disruption of hundreds of thousands of other MDL cases. The

Court now must direct its limited time and resources to noncompliant claimants at the expense of claimants who are fully participating in the MDL, which undermines the efficiency and fairness objectives of the MDL process. In light of these claimants' failure to comply with court orders regarding basic SSN/DOB information, the undersigned can discern no effective means for motivating them to participate in this litigation. And given the posture of this MDL, *see* Case Management Order No. 57 (Case Management Order For Any Ongoing Litigation Against Defendants), ECF No. 3811 at 3-11 (detailing history and current posture of the litigation), the Court finds that dismissal with prejudice is the only acceptable alternative.

Accordingly, it is **ORDERED** that:

1. The claimants' cases identified on Exhibits A and B are hereby **DISMISSED WITH PREJUDICE** for failure to comply with Court orders.²
2. The Settlement Data Administrator is directed to close all related Plaintiff Identification Numbers in MDL-Centrality for these claimants.

² The Court is still processing Short Form Complaints added to the Administrative Docket pursuant to Case Management Order Nos. 59 (docketing procedures), and 62-65 (filing requirements and deadlines for the Administrative Docket). To the extent it is determined that a new case was filed on the Administrative Docket for a claimant identified on Exhibit A or B, the new case will be dismissed with prejudice.

3. The Clerk is directed to enter a copy of this Order on the main MDL docket and on the individual dockets and close the cases in their entirety for all purposes.

DONE AND ORDERED, on this 4th day of October, 2023.
